

A basic introduction to using the BEBRF Bulletin Board Part 2

Author: Peter Bakalor

Registering as a user

After you click on the Register link, as shown in Part 1 of this document, you will see the screen below.

Enter the name that you want to have displayed with your posting. As you can see from the screen shots in Part 1, some people put in their real names, others use initials or something else, like a name and location. You also have to put in a password, which for this bulletin board need not be too fancy – something you will remember easily will do. Then click submit and you will be on your way.

The screenshot shows a web browser window titled "User Registration (Blepharospasm Bulletin Board) - Windows Internet Explorer". The address bar shows the URL: <http://www.blepharospasm.org/cgi-bin/anyboard.cgi/forums/beb?cmd=yV>. The browser's menu bar includes File, Edit, View, Favorites, Tools, and Help. The toolbar contains various icons for navigation and utility. The main content area displays the "User Registration" form, which is titled "User Registration Information". The form consists of several input fields and a checkbox:

User Registration Information	
User login you wish to use	<input type="text"/>
E-Mail	<input type="text"/>
Password	<input type="password"/>
Retype Password	<input type="password"/>
Do not let others know if you are in the forum	<input type="checkbox"/>
<input type="button" value="Reset"/>	<input type="button" value="Submit!"/>

Below the form, there is a link: [Blepharospasm Bulletin Board](#)
